*Re: Proceedings of the International Conference on Materials and Mechanisms of Superconductivity and High Temperature Superconductors VI*

To the authors of the Proceedings of the International Conference on Materials and Mechanisms of Superconductivity and High Temperature Superconductors VI

Dear Author,

We have been notified that you have been invited to contribute to the above-mentioned camera-ready publication. With reference to your contribution, please find enclosed:

- Elsevier instructions for the preparation of a camera-ready paper;
- an offprint order form;
- a copyright transfer form.

You are kindly requested to study the enclosed materials. Please note that no proofs will be sent. Therefore, it is essential that you proof-read your paper carefully before submitting (as it will appear in the published volume in exactly the same form).

Three to five keywords with each article should be provided by the author(s) and should be written on the top of the title page of all copies (not on the original). The session number should also be included.

Concerning authors who use LaTeX: you can prepare your article by means of Elsevier's camera-ready LaTeX package, which can be obtained from the Elsevier homepage at the address <http://www.elsevier.nl/locate/latex>. The package contains a sample article with instructions, `espcrc2.tex`, and `espcrc2.sty`.

Following Physica C standards, your original final paper should be set in two columns and should not exceed 4 pages (for invited presentations). Your original final paper and four (4) hard copies of your paper for review purposes, the completed offprint order form and copyright transfer form, and the manuscript on a disk should be (air)mailed to:

M2S-HTSC-VI Proceedings  
Texas Center for Superconductivity  
University of Houston  
Houston Science Center, Room 202  
3201 Cullen Boulevard  
Houston, Texas 77004

Phone: 713 743-9996 Fax: 713 743-9998  
e-mail: [ksalama@uh.edu](mailto:ksalama@uh.edu)

Your paper is to arrive no later than **January 15, 2000**; however, earlier submission is preferable.

All queries relating to the scientific content, submission date and/or page limit should be referred to Dr. Kamel Salama or Dr. Wai Lo at the contact information above. Any technical questions regarding the preparation of your paper may be directed to the undersigned, quoting the above-mentioned publisher's reference.

Yours sincerely,

E. Janzen  
Author Support Coordinator
