

- 25 free offprints per article
- more offprints can be ordered as of 50 copies
- flat rates for offprints as of 11 pages

## TERMS OF DELIVERY

1. These terms apply only to authors of articles appearing in this journal.
2. Offprints can be ordered by filling in the Author(s) Offprint Order Form and returning it to the Publisher. Offprints will only be supplied if this form is completed and returned. Receipt of offprint orders is not acknowledged.
3. All orders must be accompanied by an Institutional Purchase Order (unless they are prepaid). Delays can cause extra costs (see item 6).
4. Only one author receives an order form. It is essential that the offprint requirements of all the authors of a paper are included on this order form, as the price of offprints ordered after publication is substantially higher than those quoted here.
5. As typesetting costs are not included in offprint prices, any blank page necessary to complete printer's forms will cost the same as a printed page.
6. All plates are destroyed immediately after printing the issue unless offprints have been ordered. Offprint orders received late are treated as repeat orders; the price is then substantially higher.
7. Prices are subject to change without prior notice.
8. Cancellation of an order will not be accepted after the printing of the journal has been finalized.
9. Claims for missing or damaged offprints must be made within 6 months from the date of our invoice.
10. Any correspondence in connection with offprints must state the name of the journal, title and code number of the article, and name(s) of the author(s).
11. Customers who are European Union residents should quote their VAT registration number.
